It’s never too late nor too early to learn how to fly fish. Our introductory course will teach you all you need to know to thoroughly enjoy the sport of fly-fishing and about how to catch a wide variety of fish with a fly rod.

#### You will learn:

- Why a fly rod vs. other types of rods?
- Techniques of fly casting in varied stream, river and lake conditions
- Basics of artificial fly types and which, where and when to use
- Knot tying and fly line and leader basics
- Safety precautions
- Proper equipment and why “less is best”
- Proper handling of fish (catch and release)

**Note:** Locations may vary between Lake Johnson, Lake Wheeler and Durant Nature Park. No previous fishing experience is required. Private lessons are also available: (5 one hour lessons at \$50/hr.)
